

# BME COLLOQUIUM & ALUMNI INSIGHT SERIES

DEPARTMENT OF BIOMEDICAL ENGINEERING  
UNIVERSITY OF ROCHESTER | SPRING 2021

---

2/16/2021, 8:30am

Pablo Artal

University of Murcia

*Peripheral optics in the eye. A trendy topic:  
from myopia to cataracts*

02/25/2021, 8:30am (Alumni Insight Series)

Dan Roy

L'Oréal

*The beauty of biomedical engineering*

3/2/2021, 8:30am

Chia-lung Wu

URMC

*Application of next-generation sequencing  
to study musculoskeletal tissue development  
and diseases*

3/11/2021, 8:30am (Alumni Insight Series)

Anant Mathur

Medtronic

*My journey from biomedical engineer to  
strategy leader: a career guided by my  
values (and a stroke of luck)*

3/16/2021, 8:30am

Kristin Miller

Tulane University

*Biomechanics of the female reproductive  
system*

4/13/2021

Warren Grayson

Johns Hopkins University

*Advances in regenerating musculoskeletal  
tissues*

4/22/2021, 8:30am (Alumni Insight Series)

Tasmia Duza

Bayer Pharmaceuticals

*The medical science liaison profession*

4/27/2021, 8:30am (Co-sponsored with

Sensors and Diagnostics Cluster)

Katsuo Kurabayashi

University of Michigan

*Advanced blood and cellular biomarker  
analysis for systemic inflammatory disorders*

5/4/2021, 8:30am

Ajay Anand

University of Rochester

*Emerging applications in medical ultrasound*

5/6/2021, 8:30am (Alumni Insight Series)

Mike Kim

Biotech Industry Consultant

*How (not) to build a career in biotech:  
adventures from the lab to the board room*
