HIGHLIGHTS

BMES Mentorship Program

On Thursday, February 27th, BMES hosted a meet and greet for the BMES mentorship program. This program allows underclassmen to navigate their way through BME with an upperclassman or graduate student. We are excited to kick start this program and hope to grow with more volunteers!

STUDENT SPOTLIGHT

NIDHI PATEL 26'

Nidhi is a third-year BME student concentrating in biomechanics. Throughout her time at the UofR she has worked as a research assistant in the Cole Lab at the Center for Musculoskeletal Research, investigating mechanisms of muscle wasting in mice models with rheumatoid arthritis and pancreatic cancer. Outside of research, Nidhi is the president of Rotaract and is a TA for PHYS 121. In the Fall of 2024, Nidhi studied abroad at the University of Sydney in Australia where she conducted research investigating the use of artificial intelligence in interpreting radiographic images and partook in mechanobiology lab work.
