

UNIVERSITY of  
**ROCHESTER**

The **Translational Center for Barrier Microphysiological Systems**, the **MPS Network**, and the **University of Rochester BME Department** present:

# Rochester MPS Day

**A symposium celebrating Rochester's innovations and collaborations in microphysiological systems**

Join local experts and emerging MPS researchers for an inspiring day of groundbreaking innovations in tissue chips, organoids, and next generation drug development tools. Come meet Rochester's growing community of MPS enthusiasts and your next collaborators!

**MARCH 28  
2025**

**9am - 4pm  
Helen Wood Hall  
or Zoom**

- **Complex In Vitro Models of Human Tissues**
- **MPS for Discovery and Drug Development**
- **Build Your Own MPS!**
- **FDA Qualification of Tissue Chips**
- **Sensors for Tissue Chips**
