

BME Colloquium

Biomedical Engineering colloquia are typically held **Tuesday mornings at 8:30 a.m**. in **Sloan Auditorium** (Goergen Hall, Room 101) unless otherwise noted.

9/25/2025

Anita Mahadevan-Jansen, PhD Vanderbilt University "Optical Diagnostic, Neurophotonics, and Image-guided Surgical Techniques"

10/21/2025

Monty Escabi, PhD

University of Connecticut
"Encoding and perceiving the texture of sounds: neural and perceptual strategies for recognizing auditory texture and for listening in natural background noise."

11/4/2025

Haiqing Bai, PhD Xellar Biosystems "Human Organ Chips for disease modeling, drug testing, and personalized medicine"

11/18/2025

Lin Zhang, PhD
University at Buffalo
"Conformable ultrasound
electronics: from design
strategies to healthcare
innovation"

10/7/2025

Anne Nichols, PhD University of Rochester "The role of the epitenon in tendon health and healing".

10/28/2025

Drs Mix, Leckenby, Newhall, Hirad, & Finegold
URMC Department of Surgery
"Opportunities for Collaborations with the URMC Department of Surgery."

11/11/2025

Antonia Zaferiou, PhD Stevens Institute of Technology "Turning towards understanding and improving human agility and mobility"

11/25/2025

BME Graduate Program Alumni Review
